

**Ana C. Andrés** is a senior researcher at the Accenture Technology Labs, Sophia Antipolis, France. She received her M. Sc. in Telecommunications Engineering from the Universitat Politècnica de Catalunya, Barcelona, Spain in 1999 and the Ph.D. degree in Signal Processing from Telecom Paris, ENST, France. In 1999 and 2000 worked as a research consultant for AT&T Labs Research in Red Bank, NJ, USA. From 2000 to 2003 she worked in the Multimedia Department of Institut Eurecom while pursuing her doctoral degree. Before joining Accenture, she was a Research Project Leader at VICOMTech, San Sebastián, Spain. Since 2004 she is with the HCI group in Accenture Tech Labs Research.

Dr. Andrés interests range from Image Processing, Video and Computer Graphics to Collaboration and HCI. She has led many projects in these domains. Namely, VIPTV and SportTV at VICOMTech, dealing with advance image processing for commercials; and more recently, The Persuasive Mirror, applying image processing, morphing and stereovision to captology.

She is a member of the ACM, IEEE and Eurasip associations and participates in the SIMILAR Network of Excellence (6<sup>th</sup> FP). She publishes regularly and holds several patents.
